RHS Becomes Home to Four Foreign Exchange Students

by Abree Taylor

Redfield High School welcomes four foreign exchange students for the 2017-2018 school year. The students include Ines Parreira da Silva (Portugal), Martina Gabrieli (Italy), Henrique Adeodato (Brazil) and Luis Soladrero (Mexico); they are adapting to the new country, new school, the people and a second language.

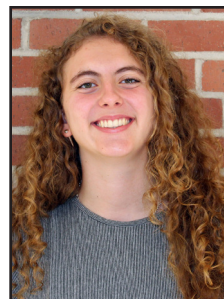

Ines, a senior, lives with her host, Angie Lodmel. Ines enjoys playing sports in her free time. In Portugal, students do not participate in sports through the school; instead, they have to join a club to be on a team. Ines is in volleyball and also plans to play basketball. She likes how everyone

is involved at RHS and how people in the community have been very helpful.

Martina also lives with Lodmel. Martina is in volleyball and plans to do track in the spring. She also likes how everyone she meets is kind and very caring. Martina has one sibling that lives back home in Italy.

Luis, a freshman, lives with his host family Terry and Mary Kay Jandel. He has four other people in his family. Luis' favorite food is pizza and he likes to play sports in his free time. His favorite sport is soccer which he used to play in Mexico. Luis likes RHS because "everyone is ready to help me if I needed it."

Henrique, a junior,

First Day of School

My first day of school this year was a lot different than any other first days in past years of school. It isn't just because it is my senior year, but because of everything going on with all of the construction confusion outside as they continue building the new school.

In my own

WORDS

Mallori Campbell, Yearbook Staff

Parking has been a nightmare for both students and teachers. And there are only two entrances to enter the building - one on the south side and one on the north side. Getting into the Greeno Building has been challenging, and I am sure that it will be difficult when we have activities. With all the noises of the construction it makes it harder to concentrate on what the teacher is saying during class time. Teachers are having to shut the windows in order to keep the noises out, which makes the rooms hotter than they already are.

As construction continues, I am sure there will be other issues that come up as well. We just need to remember that this is temporary, and that we have a new building to look forward to.

1. The final score was 55-0. The Pheasants are hoping to shake their losing streak when they play Mt. Vernon/Plankinton on Friday,

second half. The Pheasants then played the Roncalli Cavaliers in Aberdeen on Friday, August 25. After a two hour rain delay, the

Homecoming Week Activities Keep Students Busy

by Morgan Gall

Homecoming events highlighted a beautiful, fall day on Friday, September 8.

Students started the day with watching movies at various locations in the school building. From there, they were bussed to their float locations to add any last-minute details.

After lunch, student council members and cheerleaders led the pep assembly that ended with the

traditional yelling of the jug. The final two in the competition were the sophomores and the seniors; the seniors overpowered the underclassmen to claim the title.

Students, faculty and community members flocked to Main Street on Friday, September 8, to watch the Homecoming Parade.

Grades 7-12 got judged on the floats they built. The juniors won with

"Batman: the Dark Knight Rises." The seniors took second with their "Thor" hammer.

"It seemed like building the float

took more work than usual this year with finding the supplies, but getting first place made it all worth it," Brianna Frankenstein said.

Winning Float. The junior class constructed the float that placed first in the Homecoming parade.

Students Take Pride in Redfield

by Morgan Gall

On September 6, the Redfield high school and junior high students went into the community as they always do on the Wednesday of Homecoming week.

The junior high students that chose not to work on the float were out at the fairgrounds with Mr. Hansen painting fences and cleaning the buildings or working out at the baseball fields with Mr. Gregg.

The high school students had a lot more choices for volunteer work.

The freshmen worked at the cem-

etary, with the city crew, at the baseball field, or on their class float. The sophomores painted windows around town, cleaned up Fisher's Grove, or worked on their class float.

The juniors also painted windows, cleaned up at the baseball fields, or built their class float.

Pride Day for seniors was a memorable one because they painted the American flag on the spillway this year, worked on their float, or painted windows around town.

"I had a lot of fun this year painting windows even

though I did it last year. I really enjoy Pride Day because I get to hang out with

my friends and do good for the community," junior Jayde O'Dainel said.

Show Your American Pride. Members of the senior class painted the American flag at the spillway.

Pheasants Lose 2 on the Road Teens with Stress: Less is Best

by Eve Millar

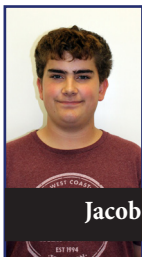

On September 19, the Pheasants made their way to Miller to play the Rustlers. The Lady Pheasants came up short losing (25-10), (25-17) and (25-19).

On Thursday September 14, the Lady Pheasants traveled to Aberdeen for a region 1 matchup against the Roncalli Cavaliers. The Pheasants came out strong in set one winning (25-17). Losing the next two: (23-25) (21-25), the Pheasants still had it in them winning the 4th set (25-12). In the last set of the night the Pheasants fell short losing (12-15) making it the Pheasants' first loss of the season.

On September 9, the Pheasants traveled to Clark for a tournament hoping to win it for the fourth year in a row.

The Pheasants dominated Deuel the first game winning, (25-11) and (25-18). Having a little more competition for the next game against Florence/Henry, the Pheasants swept them with a (25-23) and (25-14) victory. In the Semi-Final game, the Pheasants knocked out Waverly-South Shore (25-14) and (25-13), making it to the championship game. The Pheasants had a lot of momentum winning the first set against Wilmot in the Championship game (25-22). Wilmot came right back giving the Pheasants a (15-25) loss in the second set. Last set of the day the Pheasants had more fight winning (25-20). This made it the 4th consecutive year that the Pheasants have won the Clark Tournament.

Stress can be a big deal for most teens. Do you even stress about your graduation requirements, or that the government test is tomorrow, or even that you forgot to lock your car? Those kind of things make it a little tricky to get a good night's rest. What would we be able to do as a school to make life a little bit easier?

In my own WORDS

Jacob Clark, Yearbook Staff

I think our teachers should sometimes give us a break from homework and let us be able to do it in class. Make sure we get more time to study for a test more than just one night before. Sometimes we just

need some time to relax, hang out with friends, and have a good time every now and then. Yes, homework is good for us; it helps us better understand the subject, but we don't need to have homework every night. Just remember when stress gets the best of you, just take a time out for a while do something that makes you happy. You can also talk to someone about what is stressing you out.

FCCLA Members Get Inspired at Fall Leadership

by David Kastner

On October 1-2, members of the Redfield FCCLA chapter participated in the annual Fall Leadership training held in Huron, SD.

The 12 members attended either rookie or power training. Rookie training allows first year members to learn more about the organization and how to have fun in FCCLA. Power training, led by Redfield

alum and past FCCLA president Kaley Schweitzer, had many workshops and activities to help develop members' leadership skills and for them to network with other members across the state. Two members participated in state leadership team training. Sophomores Emma Kopplin and Hannah Owens worked with their state teams to plan workshops and projects to be put

into place for the whole FCCLA state association.

"I learned a lot from this training and had

lots of fun," stated sophomore Emma Kopplin on her time at Fall Leadership training.

At the Pentagon Tournament on September 23, the Lady Pheasants played a total of four games beating Spirit Lake, IA (26-24), (25-13) and losing 3 games to Central Lyon, IA (14-25), (16-25), Chester (7-25), (14-25) and West Central 2-1 (25-19), (14-25), (19-25).

Football

The Redfield-Doland Pheasants' football team traveled to Wagner to take on the Red Raiders on September 29. The Pheasants were leading at halftime, but turnovers changed the outcome, and they lost 23-28. The Pheasants are now 0-7 and are hoping to win a home game vs. Groton on Friday, October 13.

Senior Year is Finally Here!

Senior year is here for the Class of 2018 and many can be overwhelmed with getting prepared for the future. Being overwhelmed isn't going to make anyone's senior year go by fast or let relaxing be an option.

My senior year has finally come upon me and the biggest issue that I

In my own WORDS

Luann Miner, Yearbook Editor

have right now is being overwhelmed. I am overwhelmed with thinking about applying for college, the deadlines for scholarships, and on top of that, keeping my grades up. There are many nights that I go to bed late and wake up early to get school-related things done. I want to be able to get into a good school and be able to apply for scholarships that will help me.

I think the only thing that will be able to help with seniors being overwhelmed is take day by day and have confidence in themselves and they will get by.

Competition Cheer Tops Competitors at Northwestern Invite

by Sara Sattler

On September 25, the competition cheer team competed at Northwestern and won the Grand Champion Cheer division, scoring 131 total points. The other teams competing

On Tuesday, October 17, twelve new members were inducted into the Redfield chapter of the National Honor Society.

To be eligible to apply for NHS, students are required to have a 3.5 GPA or higher and be willing to conduct 25 hours of community service.

They also have to excel in all four pillars of NHS: leadership, character, service, and scholarship.

Students must complete an application for NHS. A panel of teachers look over the applications and decide if each applicant has met all four

Band Members March at Groton

by Hannah Komraus

On Friday, October 13, the RHS marching band and 17 other bands competed at the Lake Region Festival in Groton.

After all 18 bands had marched through the parade, they went to the football field and watched the NSU drumline perform while the judges were getting the

awards to hand out to the schools.

Mr. Kenny, RHS band director, stated, "The most interesting thing about going to Groton was that this parade was not like any other I have seen or the kids have seen before. It was strictly a competition marching parade, so there were no floats or anything

besides bands. It really helped the kids realize the seriousness of the parade, and they did a great job!"

According to coach

Ghostly Goblins Go for Goodies

It's that time of year that most of us all love. When the leaves change colors and the air feels brisk, the month of October slips away and we all know that Halloween is right around the corner.

Who should be going out to trick or treat? At what age do you think

In my own WORDS

Trista Frost, Yearbook Staff

it is okay to still go out and trick or treat? Some people think that when you are done with elementary school, you are too old to still be going to ask adults for candy. But then there are those other people who think that it is okay to still

dress up in costumes and go trick or treating as high school students. Halloween is right around the corner and kids will be trick or treating soon, and not matter the age of those dressed in costumes, safety is the main concern.

When you are out on Halloween night make sure to watch for the ghosts and goblins and be safe at all times.

Football team finishes the season 0-8

by Morgan Gall

Pheasant VB Season Ends

by Kennedy Fast

On November 7, the Lady Pheasants traveled to Madison to take on the Parker Pheasants in Sweet16 action. In the first set, the Pheasants came short losing 24-26. The second set the Pheasants lost 7-25 and the third set was 16-25.

On November 2, the Lady Pheasants had revenge in mind as they hosted the Roncalli Cavaliers in region semifinal action. Earlier in the season the Cavaliers topped the Pheasants 3-2. This time the tables were turned and the Pheasants came out on top 3-1. The first two sets both teams each had a win. The third set looked bleak for the Pheasants as they fell behind 14-2; however, with persistence and determination the ladies came back and

won 25-16. The fourth set the Pheasants led the way and sealed the win with a 25-20 victory.

On October 31, the Pheasants hosted the first round of regions against the Tiospa Zina Wambdi. The Pheasants made short work of the night winning in 3 sets 25-6, 25-12, and 25-9.

Coach Osborn commented on the season: "This season for volleyball was kind of a roller-coaster. There were some very high moments like winning the Cyclone Tourney for the 4th year in a row yet some low moments due to illness, injury, and bad choices. We had a nice record of 22-9, but know we have to be more focused on improving individually to make the team better in off-season."

Redfield Competes at National FFA

by Sara Sattler

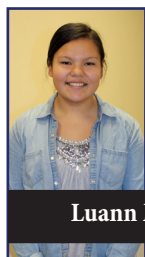

Four students from Redfield High School, Drew Masat, Hunter Wright, Dalton Howe and Zach Jordan, competed at the National FFA Convention in Nursery Landscape.

While traveling to and from the convention, the group took in some sights along the way. They toured Dow Agri Science, the University of Indiana and Butler sporting facilities. They also toured a Case IH plant and saw the Bean in Chicago.

Enjoy Holiday Time with Family

Thanksgiving is just around the corner and getting ready for the holiday is so much fun. I always love the time around Thanksgiving because it allows me more time with my family. On the night of Thanksgiving my family gets together and plans a huge supper/pot luck in honor of my Grandma Darlene.

In my own WORDS

Luann Miner, Yearbook Editor

Our dinner usually consists of two turkeys to feed my whole family, cranberries, mashed potatoes, stuffing, and hot cocoa. After eating a big meal, we tend to sit down and visit and catch up with each other. It is always great seeing family who don't live that close to you. After the meal, we end up fighting over the wish bone and see who gets the bigger piece. We say our goodbyes then dish out all the left over food from the dinner. Usually, when everyone is gone and I am home, I get into my warm pj's and put on a Christmas movie and drink hot cocoa until I end up falling asleep.

Dodge, Duck, Dip, Dive and Dodge

by Eve Millar

Twelve teams came out to compete in the Dodgeball for Diabetes tournament on November 16.

Seventh grader Marie Weller organized the event for her FCCLA project in honor of her brother, Kevin Weller, who has been diagnosed with Type 1 diabetes. Kevin is an RHS 5th grade student.

About 15% of Americans who have Type 1 diabetes are children, with about 15,000 children being diagnosed each year.

Before the games began, Kevin's grandma read off a

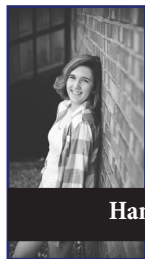

list of 48 people who make up his "team" who have helped him get used to what Type 1 diabetes is, and how it will affect him for the rest of his life.

The games then began with some fierce competition. The ages of the participants ranged from 12 to 40, and they all came to win. The Bongos, which consist of six 8th graders, was the team that came out on top, making them undefeated for the night. The winning team received four large pizzas along with a case of pop,

Tis The Season For Family Time

Now that all of us have survived the Thanksgiving Holiday, we look forward to the upcoming Christmas Holiday. The weather will start turning colder, and soon snow will start to fall. Many families are planning where they will get together to celebrate one of the biggest holidays of the year. For some it is the only time of year they get to see or spend time with family from far away. There are many things for kids to do while the adults are putting the finishing touches on a meal that will fill their stomachs full and time well spent to fill our hearts.

In our house, the younger kids love to go out and play in the snow, while some of the older kids either watch movies or take naps. We have a family tradition of serving prime rib on Christmas Day; this is a meal that takes most the day to prepare, and is worth every amount of time spent making it. One never walks away from our house complaining of not getting enough to eat. Many side dishes are made to go along with the awesome prime rib: anything from cheesy hash brown casserole to deviled eggs are enjoyed by all.

that was very close to my heart. It made my brother feel that he was not alone in battling diabetes, and the camp really needed the money," Marie Weller said.

Christmas Spirit at RHS

by Mallori Campbell and Abree Taylor

JH/HS Vocal

On December 5, the RHS junior high and high school chorus performed their Christmas concert in the auditorium.

This was the last Christmas concert to be held in the auditorium as the new school is being built.

The high school chorus performed eight songs during their portion of the concert, and the first song featured soloists Kaleb Schutte, Jaxson Frankenstein, Zach Jordan and Thomas Shantz.

Mrs. Cherie Lunstrum directs the chorus. This year, she had help from her student teacher, Mr. Ian Krekelberg. Also assisting with the music accompaniment, Mr. Terrence Kenny added his talents to the concert.

Brenna Taylor stated, "I enjoy singing in the choir because I really enjoy expressing myself through music."

JH/HS Instrumental

On Tuesday, December 12 the junior/senior high band performed their winter concert to a full crowd of family and members of the community.

The band is directed by Terrance Kenny. In addition to the junior/senior performance was the 6th grade students' performance.

Senior Adam Hyke, member of the HS band said, "The band played overall very well. I was very impressed on how well we did as a group and the overall performance for the crowd. We practiced extremely hard music and did a great job performing the pieces practiced."

Tis the Season for Family and Fun

For the most part, students are really looking forward to Christmas vacation because it means we get a break from our classes and that the year is half over. Some people think about Christmas vacation because it is a time to get together with their families and exchange presents - and some people think that

In my own

WORDS

Sara Sattler, Staff Member

Christmas is just about the gifts that are wrapped and waiting under the tree.

But Christmas is much more than just what we get. I really enjoy getting to see all of my family for Christmas because most of my family is able to come home. On Christmas

Eve, my family and I go to my grandma's and eat a big Christmas dinner then go "looking" for Santa. After we get back to the house, we open up all of the gifts that we got from our family members.

Whatever you do with your families, enjoy the holiday season. Spend time doing what is important to you, and relax before we start the second semester.

Kara DeYoung

Kara is the daughter of Scott and Katina DeYoung. After high school, she plans to attend MTI and study animal science. In school she participates in competition and sideline cheer, science bowl, FFA and FCCLA.

Some advice she would give to underclassmen would be, "Try harder to keep your grades up because when it counts, it will be harder to pick up the slack."

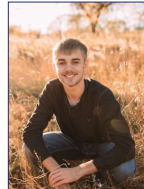

Bryce Knigge

Some advice he would give to underclassmen would be, "Always value group projects because one person does all the work and the rest get a break. Just kidding - working in group projects or studying is really fun with friends."

Drew Rozell

Drew is the son of Mark and Julie Rozell. After high school he plans to go to either NSU or USD to study business. In school he participates in golf, basketball, track, band and Student Council.

Some advice he would give to underclassmen would be, "Just try as hard as you can because this all sets up for your future and don't just push stuff back like we all do."

Lady Pheasant Basketball Begins

by Kennedy Fast

Starting off the season with a 1-2 record, the Lady Pheasants will look to improve their record throughout the season.

The ladies will travel play Wagner on December 28.

Candy Cane Grams

by Katelyn Nelson

During this festive holiday season, the National Junior Honor Society sponsored candy cane grams for the junior high and high school. Students could buy the candy canes for \$0.50 a piece before school and during lunch hours, December 12 through December 15.

The white of the cane can represent the purity of Jesus Christ and the red stripes are for the blood he shed when he died on the cross. The peppermint flavor can represent the hyssop plant that was used for purification in the Bible.

"The candy canes are a good way to show who you care about and love. The money goes to a good cause," sophomore Abree Taylor said.

The money raised will go to others in need to help them out this holiday season.

Redfield Area Ladies Attend Snow Queen Festival

by Jacob Clark

The South Dakota Junior Snow Queen Festival took place at the Aberdeen Civic Theatre on Saturday January 6. Freshman Tori Weinreis of Doland represented Redfield Area in the

Snow Queen competition.

"I made life-long friends with all the other girls who were also representing their communities, and it was overall a great experience," stated Weinreis.

Luann Miner and her Snow Sister, Olivia Spjut from Aberdeen, introduce themselves at the South Dakota Snow Queen Festival on Saturday, January 13 at the Aberdeen Civic Theatre.

Luann Miner of Redfield participated in the Senior Snow Queen Festival on January 11 through Saturday, January 13. One of the events Miner was able to attend at the festival was the Snow Queen Banquet/Ball. Senior Brexton Roth escorted Luann during the Grand March of the Ball.

"This experience is one of the best experiences I have been a part of. The best part of was being able to learn more about communication skills and representing the Redfield Area. I would definitely do it again," Miner commented.

One thing that both girls stated was that it was a struggle not being able to have their phones during the time of the Festival. The two girls weren't able to have their phones while competing because the competition is about going above and beyond and learning about how to interact with others and being able to communicate.

The girls having their phones would have taken the opportunity of meeting and mingling away from them, and it wouldn't have been the same experience for them if they did have their phones.

RAAC to Present *Mary Poppins*

by David Kastner

Grab your flying umbrellas and hang onto your hats! *Mary Poppins* is blowing into the Redfield High School auditorium (March 2, 3 & 4).

She is a wonderful and very talented addition to the RAAC theater community. Ray Johnson plays the exuberant Bert. Jane and Michael

Banks are played by Elizabeth Fixsen and Marcus Johnson. The rigid George Banks is portrayed by Spencer Buranen and his dutiful wife Winifred is played by Stephanie Hansen.

Don't miss the Redfield Area Arts Council's production of *Mary Poppins* on stage at the Redfield High School auditorium March 2,

3 & 4, 2018!

FOCUSING ON THE FUTURE

As second semester starts it is the perfect time for juniors to start thinking about their future.

By looking ahead at the classes to take during your senior year, which would best be suited for their career choice.

Taking ACT prep during your junior year would be best, because you learn

In my own

WORDS

Morgan Gall, staff

how to take the ACT and ways to better your chances on it. By taking the ACT during your junior year it takes a lot of pressure off you during senior year when you are applying for schools and scholarships.

This time of year is the best time for juniors to better prepare themselves for senior year and their future. As the last semester of junior year has started for me: I have taken the ACT, planned my classes for senior year, narrow down my options for college, and decided on my future career. I would recommend for you to start preparing yourself for your future during junior year, it will make life simpler during your senior year.

by David Kastner

On January 29-February 2, the RHS Student Council held the annual "I Hate Winter Week".

The dress up days included: Monday: Jersey Day, Tuesday: Hawaiian Day,

Wednesday: 'Merica Day, Thursday: Hick Day, and Friday: Flannel Friday. If students participated in four out of the five days, they received five Pheasant bucks.

Hawaiian Day and Flannel Friday were the dress up themes for the basketball games on Tuesday and Friday.

The game on Tuesday was played against the Potter County Battlers. The game on Friday will

be against the Milbank Bulldogs.

have fun dressing up with friends," senior Luann Miner stated about the "I Hate Winter Week" dress up days.

Pheasant Basketball Hosts Doubleheader with Sisseton

by Luann Miner & Katelyn Nelson

On Friday, January 19, the Redfield Pheasants hosted the Sisseton Redmen for a non-conference double header.

The junior varsity girls' team started the afternoon of basketball tying the Redmen 25-25 at the end of the fourth quarter. In overtime action, they pumped in four points to take the lead and seal the win 32-28.

The JV boys then took the court. At the final buzzer, the Pheasants were in the lead, 33-26.

"I thought we played our most complete game to date. We played well enough to win but missed some opportunities against a very good basketball team. I was proud of our effort," head boys' basketball coach Lonni Stover stated.

Parking Frustrations at School

As the school year drags on and the temperature drops, most students continue to battle for parking around the building. Parking has always been limited around this historic educational facility, but with the construction and the closing of the Cenex building parking lot, it has gotten worse for everyone.

In my own WORDS

Adam Hyke, Yearbook Staff

I along with many others would appreciate if everyone follows these simple rules: Pull up or back to the vehicle you are parking next to. Leave enough room for everyone to leave their spot, but get as close as you can. You cannot park blocking driveways or crosswalks. It is not only wrong, but illegal. If you are the first vehicle parking on the side of a street, either park at the end of the block or at the alley, not in the middle. Following these simple tips and tricks will help keep everyone happy and tensions at ease.

Jordan and Howe Set School Records

by Luann Miner

While playing against Great Plains Lutheran on January 16, the highlight of the game went to point guard Zach Jordan as he established a new Redfield-Doland school record. Jordan tied the Redfield High School

Others who have held a record with eight assists each included Luke Holt (2010-11) and Kyle Stover (2014-15).

Dalton Howe also left his mark in the Red-

field record books by taking the #2 spot for 3-pointers, making 7 three-point field goals against the Dell Rapids Quarriers.

Dallas Kiehn still holds the record at #1 with 8 three-point field goals that was set in the 2010-11 season.

Groups Host CTE Fundraiser Night on February 8

by Morgan Gall

On February 8, the local school FCCLA, FBLA and FFA organizations held a CTE night fundraiser during the varsity and JV girls' basketball games.

The festivities that helped raise money for scholarships included: a pie and cake audition in-between the games, selling SDSU ice cream and blue icees, and performances by the Core Kinetics'

dance teams during the half times.

The fundraiser was held to raise money for scholarships for the CTE members in our school.

The night in total raised \$1,200, which will be split up into scholarships given out on Awards Day later this year. The CTE advisory board will decide how many scholarships will be given and who they will be going to.

"I was very pleased on how well the fundraiser was accepted and that CTE will be able to give more scholarships this year. I hope the event goes this well next year," Mrs. Brace said.

Senior Take Field Trip to the Capitol

by Hannah Komraus

On Thursday, February 8, the senior class went on a field trip to visit the Capitol. The class left the school at 7am. It took the bus awhile to arrive in Pierre due to the awful road conditions that happened when the bus got to Blunt. After the longer than expected trip, the seniors finally made it to Pierre. The senior class visited the DCI Building to take a tour and talk with the employees about what exactly their job duties are.

When the seniors got done touring the DCI building,

they moved on to the Capitol Building where the class took a self-guided tour of the building. During the tour the seniors listened in on many

committee meetings taking place on the fourth floor. The senior girls wanted to listen in on a particular meeting, but had to wait until

12pm for it to start. According to some, the most interesting part of the field trip was seeing the inside of the Capitol Building for the first time.

Pheasants Hold Strong at 10-9

by Eve Millar

On Tuesday, February 13, the boys' basketball team traveled to Mellette for a non-conference match up against the Northwestern Wildcats.

The Pheasants were up after the first quarter 11-10; going into half the Pheasants trailed 24-31. The Pheasants fought back hard all throughout the second half but just came up short losing, 72-62.

On February 9, the Pheasants made their way to Hamlin where they defeated the chargers 55-52. On February 6, the boys competed against the Warner Monarchs where they fell short 29-52.

On Saturday, February 3, the Pheas-

ants traveled to Sioux Falls to compete in the Pentagon Invitational against Deubrook where they came up on top winning 64-47.

On February 2, the Pheasants hosted the Milbank Bulldogs. Trailing by 15 at half, the Pheasants came up winning 61-57.

Then on January 30, the Pheasants had another home game where they were hosting the Potter County Battlers; the Pheasants came out on top winning 59-36.

Lastly, on January 27, the Pheasants traveled to Madison to play in the NEC/DAK12 Conference Clash where they played Dell Rapids. The Pheasants came up short losing 66-77.

Pheasant Stomp Wildcats

by Trista Frost

On February 13, the Lady Pheasants traveled to Northwestern to take on the Wildcats. The Pheasants dominated the court and claimed the 66-39 victory.

During the first quarter the ladies came out strong, leading 12-2 after the first two minutes of the game.

Georgia Kuehn dominated the paint and dumped in seven

of the twelve points. Addie Rozell ended the game with a total of 23 points. Georgia Kuehn followed with a total of 11 and Eve Millar added in 9 points. Eve Millar and Kailee Clausen both had 4 assists.

On February 15, the Pheasants added another win to their regular season game with a conference victory, beating the Cyclones 61-54.

Don't Stress Out

This time of the year can be very stressful for students, especially for upper-classmen. Seniors are working hard and trying to get scholarships filled out, while also applying to colleges. Trying to figure out their future and what path they want to go in life can be very stressful.

In my own

WORDS

Olivia Shantz, Yearbook Staff

For juniors, this time of year is when they begin to talk to the counselor and try to have a plan for their senior year. The juniors take major tests like the ACT, ASVAB, NCRC, etc. and try hard to reach their educational goals.

These tests are definitely not any fun, but they help you in the long run and are also required so you don't have a choice. So just remember to work hard and stay focused and eventually everything will work out. Don't stress or complain too much about the work when it is all worth it in the end.

Wrestlers Compete at Stanley County

by Jacob Clark

On Saturday, February 3, the Redfield Pheasant wrestling team traveled to Ft. Pierre for the Stanley County Tournament.

Barrett Wren upset the #4 ranked Stone Jensen of Moberly-Pollock by a 3-1 decision in the cham-

pionship round of the 182 lb. weight class at the Big Dakota Tournament at Stanley County High School.

Looking Toward the Future

When I got the tour through the new school, I thought that the plans were well thought out and it looks very nice. I don't like the construction around the school, but I think it is worth it if we want a new school. During my tour of the new school I noticed many things that I liked. These things included:

bigger classrooms for more space, new common room areas that allow me to sit and study with friends, and no more steps to climb. All these factors really make the new school seem very cool and modern. It is exciting to think that we will be moving into the new school in less than two months and the sophomores are the first ones to graduate from the entirely finished school. The new school was a good idea, and I can't wait to be able go to school there.

April Snow Brings Frustrations

April showers bring May flowers. That's the exact opposite of what the weather is actually doing right now. But it would be ideal over the cold temperatures and snow storms that are happening. for sunshine and summertime right now. Though I may say otherwise when the weather changes, right now that's all I ask for. Snow can be pretty when stuck on trees, but not when it's clumped up and sloshy on the streets or when it's in April! The change in weather cannot come soon enough. With more snow projected the weekend of April 14th, it causes worries and frustrations. Snow should be long in the earlier months of 2018, not now. I, for one, do not want snow still lingering when Prom comes around, but who knows? Snow, snow, go away. I'd rather have thunderstorms than snow storms.

Forty-five Couples Attend Rustic Vintage Garden Prom

by Brianna Frankenstein

Redfield hosted the 2018 Prom in the Greeno Building on April 20.

The juniors chose the theme "Rustic Vintage Garden." There were 45 couples that attended Prom.

The Prom attendees began their day with pictures at 2:00 at the court house, followed by driving around and meeting up with friends.

The Eastern Star Home welcomed ten couples to show off their fancy dresses and tuxes. The residents were thankful to see everyone and even two of their

own: Brianna Frankenstein, a CNA in the nursing home, and Ashton Jandel, who works in the Assisted Living.

Prom members gathered to the gym to take pictures by Landstrom's, which took them to supper at six o'clock. Each person had a choice of roast beef with corn and mashed potatoes with gravy, or chicken alfredo with green beans and a bread stick.

After the meal, everyone watched the senior video and then cleaned up and removed the tables to get ready for Grand March at 8:00.

Couples danced until 11:30 and then changed clothes for the post Prom event.

Activities for the night included knocker ball, giant Jenga, bean bag tournaments, a velcro wall and a hypnotist.

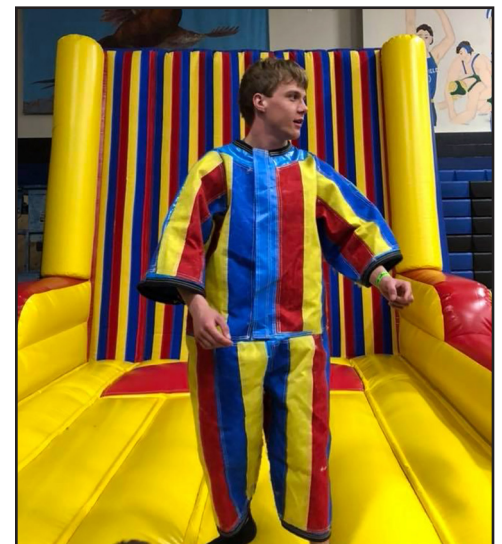

The night wrapped up with large prize giveaways at 4:00 AM where students could win refrigerators, Keurigs, microwaves, televisions, and several other smaller prizes as well.

Fun Run. Juniors, seniors and their dates pull out the props for the "fun run" at Grand March. Prom was held on April 20 in the Ken Greeno Building.

End of the Year Transition Begins

As the year comes to a close, many seniors are getting ready for their futures as their high school career comes to an end. For some, that means entering the work force while others are making plans to move into university life. With the construction that has been happening with the new school, the last day of school was bumped up three days for grades K-11.

In my own WORDS

Luann Miner, Editor

After the last day for the senior class, they will have five days to prepare for their big day at graduation. Many seniors have been awaiting graduation day and are excited to

move on with their lives after graduation.

Teachers are packing up their classrooms to start a new transition to the new school next week. Saying goodbye for some teachers is a sad experience because they have taught in the same room for many years. Other teachers are excited for the new experiences of having a new and remodeled room.

RHS Students Granted Scholarships & Awards on May 2

by David Kastner

On Wednesday, May 2, students in grades 7-12 gathered in the auditorium for the annual academic awards ceremony. Community members met on the stage and waited for their turn to take the stage and present scholarships to members of the senior class.

Seniors were awarded for their academic and ath-

letic excellence. Different businesses and community members, colleges and universities as well as the Redfield School Foundation presented well over \$100,000 in scholarships at the program.

Students other than seniors were also awarded for their academic achievements throughout the school year by earning letters and pins

for academic performance.

Students who were chosen by teachers for student of the month also received a plaque for the month they were chosen for.

Scholarships that were presented to seniors at the awards ceremony ranged from \$100 to full ride scholarships for the Build Dakota award. Students receiving

this award included Hunter Wright, Alex Cruz and Danielle Kasuske.

"The Build Dakota scholarship will help me pay for expenses in the practical nursing program at Lake Area Technical Institute. In return for getting my education paid for, I will work in South Dakota at Avera for three years," Kasuske said.

Looking Back

by David Kastner

Thinking about the last 13 years of our lives, so much of what we remember and what shaped us into the people we are today can be tied back to the halls of RHS.

From our days in elementary classes and playing kickball and four square on the playground to our free time in the senior room playing X-Box, we will have memories of our days at RHS.

My hope is that our class will set goals to become the people we want to be and that we will all have successful futures.
