

Welcome to the Redfield School District! Our school has a rich history of high academic achievement, strong extra-curricular programs, and incredible community support for education and activities. We strive to instill a work ethic and determination in our students that will help them become productive citizens. The new building is a testament to the pride that our community takes in the school.

We are located in a small, but vibrant community in Spink County, at the junction of two US Highways and are less than 100 miles from two Interstate Highways. Our district is a middle sized school district for the state of South Dakota, we have a variety of educational opportunities for students many schools our size and smaller are unable to offer. We offer on campus Honors and Advance Placement courses to our Juniors and Seniors in all four core content areas of Math, Science, Social Studies and English.

Our district offers a variety of elective courses in Agriculture, Business, and Family and Consumer Science. Outside of the classroom we offer a variety of opportunities for our students to participate in ranging from our athletic programs of Football, Basketball, Wrestling, Cross-Country, Track, Golf, Volleyball, Sideline Cheerleading and Competition Cheerleading, to our clubs and activities of Band, Choir, Oral Interpretation, NHS, NJHS, Drama, Journalism/Yearbook, FFA, FCCLA, FBLA, and SADD. If you are interested in learning more about the school district please reach out to me and set up a time to tour the facilities. The new building allows us to have a large town feel but a small town atmosphere.

Thank you,

George Seiler
